MELATI CLASSIC

Asia's First Non-Alcoholic Botanical Spirit

Melati is the national flower of Indonesia and an ode to our heritage as we bring botanicals from all over Asia to the world in our two expressions. The zero-alcohol spirit is crafted from Asian botanicals and the ingredients undergo a six week cold-extraction process in water. All oils, delicate top notes and full flavour are extracted from the herbs, spices, fruits and flowers. The ingredients are composted after use and extracts are then hand-blended in Singapore.
